

Dear Parents,

I bet you are very excited and proud to see your child move on to first grade! The elementary grades are a crucial time for creating a positive attitude towards life long learning. I am fortunate enough to help your child along this path as I will be their student teacher for half of the school year.

Please let me introduce myself. My name is Alyssa Benedetti and I have had a passion for teaching children for as long as I can remember. I attended Kerby Elementary School, Brownell Middle School, and graduated from Grosse Pointe South High School in 2006. In December, I will graduate from Central Michigan University with a Bachelors of Science degree in Elementary Education, with a major in mathematics and a minor in language arts.

For the past three years, I have worked for Grosse Pointe's Camp O' Fun Summer Camp and was given the science program coordinator position this past summer. My experiences during the camp have been incredibly rewarding and I look forward to returning each summer.

I feel very fortunate to have the opportunity to student teach in Richard Elementary School, especially under the guidance of Ms. Vektor. I am ready to learn all I can and become a positive force in your child's education.

Please do not hesitate to contact me via email: Alyssa.Benedetti@gmail.com

I look forward to working with you and your children!

Sincerely,

Alyssa Benedetti
